The affair is under the auspices of the Richmond Club and the Richmond Exchange for Women's Work, and some of the most prominent women in town will act as patronesses. Colonel Bishop's lecture was unavoidably postponed from last month on account of his illness.

Quantities of palms and spring flowers decorated the home of Mr. and Mrs. Robert G. Thornton, 1819 monument avenue, for the marriage of their niece, Miss Maria Vass Tuggle, daughter of the late R. W. Tuggle, of Blackstone, and William Wythe Wingo, son of the late G. E. Wingo and Mrs. Wingo, of Richmond. The ceremony, which took place yesterday at noon, was performed by the Rev. J. Y. Downman, D. D., rector of All Saints Church. The wedding music was rendered by the Professional Chorus of the church, and an aisle through which the bride passed to the altar, was flanked by the bride's attendants, Misses Clara Vass Beverly, of Blackstone, and Sally Wingo, of Petersburg. The bride was escorted by her father, Mr. Wingo, who was given away by Mr. Thornton, wore a traveling suit of midnight blue with a hat to match and carriage bouquet. The bride's only attendants were Misses Clara Vass Beverly, of Blackstone, and Sally Wingo, of Petersburg. The bride wore a pink and lavender taffeta with hats to match and carried bouquets of spring flowers. Mr. Wingo was his brother's best man.

She carried a presentation bouquet of lilies of the valley and white sweetpeas. Her sister, Miss Katharine Drake Bentley, who was her maid of honor and only attendant, wore a frock of orchid-colored georgette crepe with a leghorn hat trimmed to match her gown. SHOT AND KILLED WHEN HE CLOSED WINDOW. Cleveland Man Fatally Wounded as He Protected His Wife From Draught.

CLEVELAND, April 30.—Because he insisted on closing a window to protect his ill wife from the cold evening air, John Maskey, thirty-six, was shot and killed in his room. John Shadrach, fifty-eight, of the same address, was arrested on a charge of murder. Maskey was shot in the stomach with a shotgun. Both men were carpenters.

According to the story witnesses of the shooting told Inspector of Detectives Charles N. Sterling, Maskey came home from work, and on his way to his room on the third floor of the building, found the window in the second floor hallway open. He shut it.

Shadrach appeared, other residents of the building said, and ordered Maskey to leave the window open.

"My wife is ill and you know it," Maskey is reported to have told Shadrach. "This window causes a draught upstairs."

As Maskey turned to leave the window, Shadrach stepped back and fired into his own room. Maskey was shot. He fell dead.

LIMITATION OF CARRIERS' LIABILITY HELD INVALID. Interstate Commerce Commission Orders Change of Time-Honored Bill-of-Lading Provision.

(By Associated Press.) WASHINGTON, April 30.—Limitation of the carriers' liability by the value of property at the time and place of shipment was held by the Interstate Commerce Commission today to be illegal. This long-standing provision of bills of lading was ordered stricken out in its entirety from the uniform bill prescribed by the commission as a result of its exhaustive investigation, begun last year, into the contracts required by carriers before undertaking the transportation of freight.

In prescribing a uniform bill for export shipments, however, the provision was retained, as the Commission amendment to the commerce act, which the provision was held to contravene, was ruled to be inapplicable to shipments to nonadjacent foreign countries.

The new bills of lading were ordered put into use by all carriers subject to the commission on or before August 1, with thirty days' notice to the public of the change.

The report issued today, written by Commissioner Robert W. Woolley, related only to domestic and export bills. The live-stock contract will be considered in a supplemental report. Additional forms for such special traffic as coal and perishables were held to be unnecessary.

Rheumatism means that the blood has become saturated with uric acid poison. It does not require medical advice to know that good health is absolutely dependent upon pure blood. When the muscles and joints become sore and swollen with rheumatism, it is not a wise thing to take a hot salt and rub by rubbing it on the sore spot expect to get rid of your rheumatism. FOREIGN TRADE OF THE UNITED STATES IN 1919. Figures Announced in Washington Indicate It Will Amount to \$104,000,000.

WASHINGTON, April 30.—The foreign trade of the United States is nearing the \$10,000,000,000 line. In the fiscal year 1900 it aggregated \$2,244,000,000, in 1910 \$3,302,000,000, in 1913 \$4,279,000,000, in 1916 with the stimulus of the war it jumped to \$6,531,000,000, in 1917 \$8,949,000,000, and in 1918 will apparently approximate \$9,875,000,000, and if the trade with Hawaii and Porto Rico were included, would exceed \$10,000,000,000, this estimate by the National City Bank of New York being based upon official figures for the nine months ending with March.

The changes in our foreign trade during the war have been kaleidoscopic. Imports of the fiscal year 1919 seem likely to approximate \$3,100,000,000, an increase of about 66 per cent over those of the year immediately preceding the war, and exports will approximate \$6,750,000,000, an increase of about 185 per cent, these estimates for the import and export trade of 1919 being based upon official figures for the nine months ending with March.
